

- 8 bacon strips, diced
- 1/4 cup crushed cornflakes
- 5 eggs, lightly beaten
- 1/2 cup milk
- 1/2 cup small-curd cottage cheese
- 1-1/2 cups (6 oz) shredded cheddar cheese
- 1 green onion, sliced
- 1/2 tsp salt
- 1/8 tsp pepper
- 2-1/2 cups frozen cubed hash brown potatoes

In a large skillet, cook bacon over medium heat until crisp. Remove to paper towels.

Drain, reserving 2 teaspoons drippings. Stir reserved drippings into cornflakes; set aside.

In a bowl, combine the eggs, milk, cottage cheese, cheddar cheese, onion, salt & pepper until blended. Stir in hash browns. Pour into a greased 9-inch pie plate. Sprinkle with bacon and the cornflake mixture.

Cover & refrigerate overnight. Remove from the refrigerator 30 minutes before baking. Bake, uncovered, at 325 degrees for 45-50 minutes or until a knife inserted near the center comes out clean. Let stand for 5-10 minutes before cutting.

Yield: 6 servings

Municipal Munchies Breakfast Pie

Effective October 1, 2019

The City's new fee schedule goes into effect. One of the new fees is a "new service fee" of \$20 on all residential water accounts. This will be collected with the water deposit on new accounts. This is a nonrefundable fee for new residential accounts. Also our new water rates go into effect for residential and commercial.

SEPTEMBER 2019 CODE COMPLIANCE INITIATIVE FENCE REQUIREMENTS & DILAPIDATED FENCES

The City of Lake Worth requires that all fences be kept in good working order. A permit is required to put up a new fence and/or to make major repairs to existing fences. Contact the Permit Department at 817-237-1211 x 112 for more details.

The following are fence materials that are allowed and those that are prohibited.

Fence materials. Permitted construction materials are brick, stone, masonry, natural and treated woods, ornamental metal, PVC fence material, metal tubing, or wrought iron, decorative aluminum or metal having a factory applied nonmetallic matte finish, and chain link. Vinyl or fiberglass composite materials may be utilized if the material is listed, designed, and constructed for fencing materials. Metal posts will be allowed on wood fences.

Prohibited construction materials are: rope, string, wire products including, but not limited to chicken wire, hog wire, wire fabric, barbed wire (except as allowed in other sections of this code), razor ribbon wire and similar welded or woven wire fabrics, chain, netting, cut or broken glass, paper, metal panels, corrugated metal panels, galvanized sheet metal, plywood, fiberglass panels or plastic panels or any other materials that are not specifically manufactured as fencing materials. No person shall weave or use slats of any material, including but not limited to metal, fiberglass, bamboo, or mesh through a chain link fence to create a blind or screening fence in a residential zoning district. No person shall construct a fence, retaining wall, screen or barrier of used, damaged, or unsafe material. The building official may require the applicant to provide the manufacturer's standards to establish the intended use of a proposed fencing material.

Maintenance. No wall or fence shall be constructed or maintained in a manner that would endanger the health and safety of the general public. The property owner shall be responsible for the maintenance of the fence or wall to ensure that it is neat and functional.

Front yard. No fence, retaining wall, screen, or barrier may be built nearer to the street onto which the main house or building faces than the main house or building itself. Exceptions to this restriction may be made for schools and in commercial and industrial zoning districts, if required for topographical or structural support.

Gates. At least one gate must provide access into the fenced area. Swimming pool gates have additional requirements as hereinafter provided.

Height. The following height requirements shall apply to fences erected in the city:

Residential Zoning Districts. Maximum Height = eight (8) feet; Minimum Height = four (4) feet

Nonresidential Zoning Districts. Maximum Height = eight (8) feet; Minimum Height = six (6) feet

Easements - Property Lines. A fence may extend up to and include the property line, at the rear and side yards, but shall not violate the setback line on the front yard. No fence, guy wire, brace, vee arm, barbed wire, base or any other structure on a fence shall extend outside the property line of the applicant-owner, or into or across any alley or sidewalk.

Floodplains - Drainage Easements. No fence may be built into, across or within a floodplain area or drainage easement in any manner which will alter, raise or impede the flow of water in these areas.

Corner Lots. In order to prevent blind intersections, no fence shall be built to extend into the triangular area formed by the extension of the two curb lines to a point:

- (1) 25 feet from their intersections, for the intersection of a street and an alley, and connecting the points to form a 45-degree triangle; or
- (2) 45 feet from the intersection, for the intersection of two streets, and connecting the points to form a 45-degree triangle.

OCTOBER 2019 – CODE COMPLIANCE INITIATIVE RV'S, BOATS & TRAILERS

City ordinance sets out specific requirements for RV's, Boats, and Trailers.

Special Off-Street Parking Requirements:

In the Residential Districts, no parking space, garage or carport or other automobile storage space or structure shall be used for the storage of any truck, truck trailer, van, recreational vehicle, or boat exceeding one and one half (1 1/2) ton capacity.

In the residential districts a boat or recreational vehicle (RV) may be parked or stored on the residential premises of the owner provided that such boat or RV is.

- Parked on a permanently paved surface when parked in the side yards;
- not parked beside a structure in the required side yards;
- not parked within three (3) feet of the rear or side property lines when parked in the rear of a structure;
- not used for sleeping quarters for more than seven (7) days or nights within any 6-month period;
- not parked over the front property line or in the right-of-way except when used in conformance to subsection (d). For corner lots the RV may not be parked within 15 feet of the property line corner formed by the intersecting street.

Lake Worth Municipal Court

Municipal Court Texting

If you receive a citation from a Lake Worth Police Officer and provide your cell phone number, the Municipal Court will send out reminders regarding your citation, so you don't miss any important dates. If you have received a citation and want to update your phone number please contact the Municipal Court at 817-255-7910 and a clerk can assist you.

EMPLOYMENT OPPORTUNITIES

- Police Chief - \$100,000 annually or higher DOQ, FLSA Exempt
- Firefighter - \$17.12 hourly (\$50,000 annually) FLSA Non-exempt
- Patrol Officer - \$24.04 hourly (\$50,000 annually) FLSA Non-exempt

Lake Worth Municipal Court

Safe Harbor Initiative

Anyone who has outstanding warrants with the Lake Worth Municipal Court is urged to appear at the court office to resolve their outstanding charges. Defendants that appear in the court office will not be arrested for outstanding warrants issued by the Lake Worth Municipal Court. You may be eligible for alternative ways to payment, such as community service or a reduction in the fine amount.

Your warrants will be recalled, and you will be scheduled to see the Judge to discuss your situation. Please contact the Lake Worth Municipal Court at 817-255-7910 to see if you have any outstanding charges that need to be resolved or if you have any questions.

Office Hours:
Monday thru Friday
8:00am-5:00pm
