

TRANSPORTATION PUBLIC MEETING

SEPT. 11 · NOON · 616 SIX FLAGS DR. ARLINGTON, TX 76011

PRESENTATIONS

North Texas Airspace Awareness Pilot Program

NCTCOG staff will present on the North Texas Aircraft Airspace Awareness Pilot program. This program includes details impacting pilots and how local governments can receive free application software and training. Staff will also provide information on selected proposals to provide a tool that will enable residents and businesses to fly safely and receive live data on potential risks, advisories for local events or emergencies, and other flight planning features.

Transit Strategic Partnerships Program

The Transit Strategic Partnerships Program, formerly known as Transit Call for Projects, is a competitive grant program that funds innovative transit projects supporting services for seniors, persons with disabilities, and low-income populations from public agencies looking to directly implement service and those seeking partnership with an existing transit provider. Proposed projects must be in the Dallas-Fort Worth-Arlington and Denton-Lewisville Urbanized areas. The May 2023 Cycle for proposal submission has closed, and staff has reviewed and evaluated each proposal by their ability to address: needs of transit dependent populations, strategic value, sustainability, stakeholder collaboration, and recommendations from existing plans and studies.

FY23 Public Transportation Funding: Program of Projects

NCTCOG staff will present proposed transit projects funded by the Federal Transit Administration through the final award of Fiscal Year 2023 funds for the following four programs: Urbanized Area Formula, Enhanced Mobility of Seniors and Individuals with Disabilities, State of Good Repair, and Bus and Bus Facilities. This input opportunity meets the federal requirement for public participation in Programs of Projects. Please note DART hosts their own public meeting and can be contacted directly for more information.

Texas Electric Vehicle Registration Update

As the host agency for Dallas-Fort Worth Clean Cities, the North Central Texas Council of Governments purchases electric vehicle (EV) registration data from the Department of Motor Vehicles and makes this information available online for stakeholders at www.dfwcleancities.org/evsintexas. Staff will give an update on the state of EV registration in Texas and North Texas as well as an update on upcoming programs and events related to EVs.
