

TARRANT COUNTY COMMISSIONERS COURT

G. K. MAENIUS
COUNTY ADMINISTRATOR

September 15, 2021

Tarrant County Mayors and Managers

Re: Tarrant County 2021 Transportation Bond Program – Recommended Projects

Dear City Mayors and Managers:

Earlier this year, Tarrant County initiated efforts to pursue a Transportation Bond Program (TBP) for voter consideration on November 2, 2021. As part of this effort, the County requested project submittals from municipalities across the county for consideration in the Call for Projects funding category of the proposed 2021 TBP. We received 196 submittals from 24 municipalities, reflecting a strong interest in advancing much needed transportation improvements. To assist with the project selection process, the Commissioners Court appointed members to a Project Evaluation Committee (PEC). Over several weeks and with the assistance of the County's consultant, the PEC reviewed the project submittals and developed a prioritized list of projects for recommendation to the Commissioners Court.

On August 3, 2021, the Commissioners Court accepted the attached PEC recommended project list. Every municipality that submitted a proposed project has at least one project recommended for funding. It is anticipated that the projects included in this list will be funded in partnership with the participating municipalities. Over the coming weeks, staff will continue reviewing information pertaining to the approved projects and will update project details when necessary. Upon voter approval, the County will begin preparing for the first of a series of bond sales. We anticipate the first allocation of funding to be available Summer 2022.

Should you have questions related to the funding of a project within your community, please contact Mike Galizio, Planning Manager, Transportation Services at 817-884-1653 or Randy Skinner, Director of Transportation Services, at 817-884-1173. Additional information on the 2021 TBP can be found at the following site: www.tarrantcounty.com/tbp. Thank you for your interest in the proposed 2021 Transportation Bond Program.

Sincerely,

G.K. Maenius
