I wish for service to be connected on: _____

☐ 10 - 11 AM ☐ 1 - 2 PM ☐ 3 - 4 PM
 > > > Turn off will be 24 hours from the time turned on < < <

NOTE: Someone must be there for the water turn on. Should there be any water usage registered during the 24 hour service, applicant will need to pay for that consumption. No new deposits will be accepted until all charges, if any, have been paid.

If the water is desired to be on for longer than the 24 hour period, proper deposits (and rental inspection, if applicable) will need to be paid and a water application will need to be filled out PRIOR TO water being left on any longer.

If you are requesting Friday turn on service, the water will be turned back off on Friday (same day) after 4:00 PM. The water will not be left on over the weekend.

I have read the above and agree to all terms.
